

# HCC Bits & Bytes

## \$1k For Teachers

Do you know a teacher that could use \$1000 for their classroom? The Community Partners Education Grant program was formed in 2014 to enrich the learning environment of students in Mason and Grays Harbor Counties. Today, it is comprised of nine like-minded local businesses that desire to support the youth in their communities.

In 2018, the program supplied \$23,000 worth of grants to 28 different teachers spread between both counties. Some of the projects and items that these funds helped support included learning tablets, summer canine reading buddies, 3-D printers, Lego Robotics kits, new welding masks, and much more.

Teachers are encouraged to apply for new and innovative projects and programs that will improve the educational opportunities for students. Using CPEG funds to leverage additional funding opportunities is a great way to bring otherwise out of reach learning experiences to the students in Mason and Grays Harbor Counties.

The partnering businesses that comprise CPEG include Hood Canal Communications, Belco Forest Products, Elma & Shelton Dental, Green Diamond, Our Community Credit Union, Sierra Pacific, Simpson Door Company, and Vaughan Chopper Pumps.

CPEG is now accepting grant applications until December 31, 2018. Tell your favorite teacher to apply today at [hcc.net/cpeg](http://hcc.net/cpeg).
