## GENERAL RULES AND REGULATIONS

A. APPLICATION OF REGULATIONS

1. The regulations set forth herein apply to intrastate services and facilities furnished within the state of Washington by Hood Canal Telephone Co., Inc., hereinafter referred to as the Company, subject to the jurisdiction of the Washington Utilities and Transportation Commission.
2. No officer, employee or agent of the Company has authority to change, amend or waive any rate or regulation approved or prescribed by the Commission. Rates and regulations may be changed or cancelled only with the consent or approval of the Commission.
3. The Company furnishes exchange, toll, and private line service throughout the territory it serves, as shown by its filed rates, regulations and maps. The Company also furnishes inter-exchange toll service to the territory served by connecting companies, subject to their rates and regulations.

B. APPLICATION FOR SERVICE

1. Anyone desiring service may be required to make application in writing on forms prescribed by Hood Canal Telephone Co., Inc., and in accordance with this filed tariff. An application shall be deemed to be a notice to Hood Canal Telephone Co., Inc., that the applicant desires service and an expression of this willingness to conform to such rules and regulations as are in effect and on file with the Washington Utilities and Transportation Commission. Such application shall clearly state the character of service for which applied.
2. Shared use of service is generally prohibited.
3. The Company shall be the sole provider of public and semi-public service.

E. OBLIGATION OF CO.

## 1. Furnishing of Service

- a. The Company's obligation to furnish service is dependent upon its ability to secure and retain without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment.
- b. Where facilities beyond those normally required are provided to satisfy customer requests, charges based on the additional costs incurred will apply.
- c. When a customer orders installations, moves or changes which cannot be completed during scheduled working hours, he may be required to pay overtime charges. Such overtime charges will be the difference between straight time and overtime, and will be in addition to the normal installation, move or change charge. The customer must agree to this provision before such overtime work will be performed.
- d. When the construction of certain facilities is necessary for the furnishing of a service, the ownership of such facilities will be vested in the Company, even though all or a part of the cost of construction is borne by the customer.
- e. The Company will determine the type of outside plant facilities to be provided for the furnishing of a service.
- f. The Company will be reimbursed for the costs associated with customer requests for relocation or rearrangement of facilities.

I. NOTICES

Notices the Company may give to a customer supplied with telephone service by the Company, may be given to the customer or his authorized representative orally unless otherwise provided by these Rules and Regulations and the rules of the Washington Utilities and Transportation Commission, or by written notice, either delivered at the customer's address hereinafter described or properly deposited in any United States Post Office, postage prepaid, addressed to the customer at the address specified on the customer's application for telephone service or at such address as may subsequently be given by the customer to the Company at its local business office.

Any notice from any customer to the Company may be given orally to the Company by the customer or his authorized representative at the Company's local business office where service is rendered to the customer unless otherwise provided by these Rules and Regulations, or by written notice properly addressed and mailed to the Company.

J. ADJUSTMENT TO RATES AND CHARGES FOR RECOVERY OF EXCISE TAXES1. GENERAL:

The rates and charges applicable under other schedules of this tariff do not include any portion of business, occupation, use of streets or other excise taxes levied by any municipality or other governmental body.

In order for the Company to recover its costs of the above-referenced taxes without imposing the burden of that tax upon its subscribers outside the territorial limits of the taxing jurisdiction, amounts equivalent to such taxes where now imposed, or which may hereafter be imposed, shall be billed by the Company to its exchange customers within the territorial limits of the taxing jurisdiction on a pro rata basis as hereinafter set forth.

BASIC LOCAL EXCHANGE ACCESS LINE SERVICE

LOCAL EXCHANGE ACCESS LINE SERVICE

A. GENERAL

1. Basic local exchange access line service is provided by means of a circuit directly connecting the central office switching equipment with the customer's premises to enable the establishment of telephone communications between stations in the same or different exchange at the monthly rates contained in this tariff. The facilities used to furnish local exchange access line service are also used to furnish toll telephone service at rates for such services.
2. Conditions
  - a. The rates set forth below are for a minimum one month period and entitle the customer to an unlimited number of telephone calls within the exchange (including EAS points) without additional charge.
  - b. Applicable taxes levied by federal, state, county and local taxing authorities and surcharges authorized by federal, state and county authorities are added to the rates set forth in this section, except where expressly set forth to the contrary.
  - c. Local exchange service is not subject to discontinuance at the request of the subscriber for periods of less than one year. If service is terminated and then re-established before a year from the date of termination at the same location and for the same party, that party is responsible for the payment of the local exchange charges which would have accrued in the interim, if service had been continuous. It is contemplated that local exchange service be on an annual basis.

DIGITAL DATA STREAM SERVICE

DESCRIPTION

Digital Data Stream (DDS) Service provides transmission services over local exchange service copper facilities that can be used only for data communications. DDS Service utilizes customer-provided equipment, located at the customer's premises.

LIMITATIONS

DDS Service is available in one offering:

1. Maximum upstream speed of up to 128 Kbps (i.e., from the customer's equipment up to the Company's central office) and a maximum downstream speed of up to 128 Kbps from the Company's central office down to the customer's equipment.

The maximum peak speeds described above are not guaranteed by the Company. The actual transmission speed achieved by the customer will often be less than the maximum upstream or downstream speed due to factors including, but not limited to, loop distance, condition of the facilities, equipment used by the customer and limitations in the Company's network.

DIGITAL DATA STREAM SERVICE (Cont.)

DDS Service will be furnished where suitable facilities exist as determined by the Company. In addition, DDS Service will be furnished only where the customer obtains customer-provided equipment which the Company determines is compatible with the Company's facilities.

This service is provided as a dedicated, non-switched service.

UNDERTAKING OF THE COMPANY

The Company will provide DDS Service as follows:

1. The Company will determine if the customer's local exchange service line is suitable for use with DDS Service. Service will not be provided on lines that the Company determines are not suitable for DDS Service or on lines that produce interference with other services provided by the Company.
2. The Company, after determining if the local exchange service line is suitable for DDS Service, will notify the customer if any additional CPE is necessary to support DDS Service. All customer-provided equipment must meet standards set by the Company to be compatible with Company's facilities.
3. The Company will provision and maintain DDS Service to the Point of Termination at the customer's premise.

OBLIGATIONS OF THE CUSTOMER

In addition to the regulations described in other sections of this tariff, the following provisions apply to DDS Service:

1. The customer must subscribe to local exchange service from the Company pursuant to Hood Canal Telephone Co., Inc. WN U-2. The Company will automatically disconnect DDS Service when the associated local exchange service is disconnected for any reason.

2. The customer is responsible for providing the Company with the necessary information to provision DDS Service (e.g., customer name, telephone number and premises address; billing name and address when different from the customer name and premises address; customer contact name and telephone number and the contact name and telephone number of the Service Provider with which the customer's DDS Service will interconnect).
3. The customer is responsible for providing and maintaining all required customer provided equipment (CPE), which is compatible with DDS Service. DDS Service will be disconnected if the customer attached CPE which is not compatible with Company's facilities.
4. As used in this Schedule, the term "Service Provider" refers to a business entity providing Internet connection service to retail customers.
5. Service will be provided only to the extent and at such time as Company's facilities permit.

E. DESCRIPTIONS

1. Calling Number Delivery – Allows for the automatic delivery of a calling party's telephone number (including non-published and non-listed telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on customer provided equipment.
2. Calling Name and Number Delivery – Allows a customer to view the directory name associated with a telephone number of an incoming call before answering. If the calling party has designated a call as private (pursuant to Call Blocking) or if the incoming call is handled by an operator, the calling name and number will not be displayed.

Calling Name and Number Delivery requires a telephone set or separate display unit capable of displaying the name and number information sent by the Central Office. (C)

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company, in its discretion, may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes. The Company's sole and only obligation shall be to reasonably correct errors in names when notified of such errors.

This feature and Calling Number Delivery include, at the customer's option, Automatic Call Rejection for no additional charge. Automatic Call Rejection rejects any incoming call that is "anonymous," i.e., when the calling number is blocked. (N)

3. Call Blocking - Per Call - Enables the calling party to control the delivery of his/her telephone number and/or name to the called party by temporarily changing public/private status indicator of the telephone number. A customer must dial \*67 before each call to change the indicator from public to private. "Public Status" allows delivery of the telephone number/name. "Private Status" delivers a private indicator only.
4. Call Blocking - Per Line - Provides a customer blocking of the delivery of the Customer's directory number and name to the called party on a continuous basis. ANI services are not effected; i.e., E911, operator, etc.
5. Call Trace - Allows a called party to initiate an automatic trace of the last call received. Call Trace is billed on a per usage basis only when an attempt to trace and record the calling number is successful. After receiving the call which is to be traced, the customer dials \*57 and the traced telephone number is automatically sent to the Company for action. The customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

6. Continuous Redial - Allows a customer to dial a code that will cause the feature to automatically redial the last number the customer dialed. If the called number is busy, the feature will redial the called number for a limited period of time. A distinctive ring alerts the customer when the called number becomes available. When the customer lifts the handset, the call will be automatically dialed. The customer can continue to originate and receive calls without affecting the redial request. The continuous redial request can be canceled by dialing the repeat dial deactivation code.
7. Last Call Return - Allows a customer to dial a code that will cause the feature to automatically redial the number of the last incoming call to that line, whether the call was answered or not. The customer does not have to know the number of the calling party. If the calling party's number is blocked by the calling party, the service will not return the call. If the called number is busy, the feature will redial the called number for limited period of time. A tone alerts the customer when the called line is available.
8. Priority Call - Allows a customer to assign a maximum of fifteen callers' telephone numbers to a special list. The customer will hear a distinctive ring at his/her location when calls are received from callers' telephone numbers on that list. Calls from telephone numbers not included on that screening list will produce a normal ringing pattern or call waiting tone.

9. Selective Call Forwarding – Allows a customer to specify a special list of maximum of fifteen telephone numbers. Incoming calls placed to the customer from telephone numbers on that list will automatically be forwarded to a predefined telephone number. All other calls will be handled normally. Any message toll charges applicable to the forwarding are assessed to the Customer with the Call Forwarding Feature.
10. Selective Call Rejection – Enables a customer to reject call attempts from up to fifteen numbers of calling parties by dialing a code and the telephone numbers of calls to be rejected. Any and all attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.
11. Three-Way Calling – A feature providing the capability to add a third party to an existing conversation. (N)

LIFELINE TELEPHONE ASSISTANCE PROGRAM

(T)

(D)

(D)

The Company participates in the Lifeline program. Subscribers may be eligible for the Lifeline service offering (“Lifeline service”) under Subpart E of Part 54 of Title 47, Code of Federal Regulations (“CFR”). Within the service areas for which the Company is designated as an “eligible telecommunications carrier” pursuant to Subpart C of Part 54 of Title 47 CFR, the Company offers Lifeline service to qualifying low-income consumers.

(T)

Lifeline service is a non-transferable retail local service offering that is available only to qualifying low-income consumers and for which qualifying low-income consumers pay charges that have been reduced in accordance with Subpart E of Part 54 of Title 47 CFR. In addition, for an “eligible resident of Tribal lands,” as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, the Company's Lifeline service charges are further reduced in accordance with Subpart E of Part 54 of Title 47 CFR.

(T)

(T)

The Company's offering of Lifeline service includes “toll limitation” only in the form of “toll blocking” (and not “toll control”), as those terms are defined in Subpart E of Part 54 of Title 47 CFR. “Toll blocking” is available with respect to Company-provided Lifeline service at no Company charge to the Company's subscriber to such Lifeline service.

On the issue date of this tariff sheet, “toll blocking” is defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, as “a service provided by an eligible telecommunications carrier that lets subscribers elect not to allow the completion of outgoing toll calls from their telecommunications channel.” “Toll blocking” does not necessarily result in the blocking of collect calls to the subscriber's telephone line or the blocking of calls billed from another location to the subscriber's telephone line.

LIFELINE TELEPHONE ASSISTANCE PROGRAM (Continued)

(T)

If the service areas for which the Company is designated as an “eligible telecommunications carrier” pursuant to Subpart C of Part 54 of Title 47 CFR includes any “Tribal lands,” as that term is used in § 54.413 of Subpart E of Part 54 of Title 47 CFR, then, with respect to such “Tribal lands,” the Company also offers “Tribal Link Up,” as defined in § 54.413 of Subpart E of Part 54 of Title 47 CFR to each “eligible resident of Tribal lands,” as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR. Tribal Link Up provides, under certain circumstances, (i) a reduction of the customary charge for commencing telecommunications service and (ii) other benefits pertaining to such charge and to interest charges, if any, that may apply thereto, all as specified more fully in Subpart E of Part 54 of Title 47 CFR.

(T)

The availability of the telephone assistance programs described in this schedule, or any of them, to any otherwise eligible subscriber or applicant may be subject to such subscriber or applicant granting his or her written consent to disclosure and/or transmission by the Company of certain information pertaining to that subscriber or applicant, including, but not necessarily limited to, his or her name, other subscriber- or applicant-identifying information, the service address to which the relevant telephone assistance program service is being applied for and/or is being furnished, the specific assistance program in which the subscriber or applicant participates or has applied to participate, and the date or dates of such participation or requested participation, all in accordance with Subpart E of Part 54 of Title 47 CFR.

SERVICE CONNECTION CHARGES

A. GENERAL

1. A service charge consisting of one or more of the charges shown in this section is applicable for the following activities undertaken at customer request.
  - a. Connections (New Customer Charge)
  - b. Changes of class, type or grade of service (Service Order Charge)
2. Non-recurring service charges are in addition to rates and any other charges normally applying under the tariffs, except where such application is specifically excluded. They apply in addition to installation, change, termination or construction charges specifically stated in connection with the various services described in the Company's tariffs. The non-recurring charges in this tariff section also apply for service connection or change of services that have no other non-recurring charge.
3. Payment of service charges for the initial establishment of service may be required prior to the establishment of service.

B. APPLICATIONS

1. New Customer Charge
  - a. New Customer Charge applies to work done in receiving, recording, and processing information necessary to put a new customer into service or to establish service for an existing customer at a new premise or business within the area served by the Company.
2. Service Order Charge
  - a. The charges are applicable for work done in receiving, recording, and processing information necessary to execute each customer request for a move, change, or addition to existing service on the same premises or to each requested change which only involves changing the Company's records.

## CONSTRUCTION CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

A. CONSTRUCTION CHARGES

## 1. GENERAL

- a. Construction charges are applicable under certain conditions as hereinafter set forth and are in addition to other charges specified in this tariff.
- b. Construction charges are payable upon application for service or when billing is rendered as the Company, at its option, may require.
- c. Construction performed by the applicant, where authorized in this tariff, is subject to the approval of the Company.
- d. The word "cost" when used in this section, means the in-plant cost consisting of labor, materials, supervision and other overhead expenses associated with the construction. Estimated cost will be used; however, where the customer requests, actual cost will be used where applicable.
- e. Except as otherwise provided herein, the regulations in this tariff contemplate that the type of construction required to provide the quantity and class of service involved will be determined by the Company. The applicant may be required to pay the additional costs involved where a different type of construction than that proposed by the Company is desired.
- f. When an applicant is so located that it is necessary to use private right-of-way to furnish service and the Company is unable to obtain the required right-of-way without cost, the applicant may be required to pay the costs incurred in securing, clearing, and retaining such right-of-way.

## 2. CONSTRUCTION ON PUBLIC HIGHWAYS OR OTHER EASEMENTS

## a. Pole Line Construction

(1) No construction charge is applicable for the provision of new pole line construction on public highways or other easements within the Base Rate Area, or outside the Base Rate Area when such pole line is to be used in serving customers in general.

(2) Except as provided above, when an applicant for service is located outside the Base Rate Area in territory where new pole line construction is required, and the cost of construction is expected to exceed Hood Canal Telephone Co., Inc. times the anticipated annual local exchange revenues, the Company will provide new pole line construction by the following method:

(a) The customer shall pay the Company the cost of construction in excess of one years anticipated annual local exchange revenue. Ownership and maintenance of the facilities so constructed will be vested in the Company.

## 4. UNDERGROUND SERVICE ENTRANCES

Underground service entrances may be provided at the customer's request as specified in Paragraphs B. 4., B. 5., and/or B. 6. following.

## 5. SPECIAL TYPES OF CONSTRUCTION

When a special type of construction other than those covered preceding is desired by a customer or where the individual requirements of a particular situation make the construction unusually expensive, the customer is required to bear the excess cost of such construction. Any special maintenance expense that may from time to time occur will be borne by the customer except that maintenance of buried service wire, including associated trenching where required, will be at the expense of the Company.

## 6. REARRANGEMENTS OF EXISTING PLANT

When the Company is requested to move or change existing plant for which no specific charge is quoted in this tariff, the person at whose request such move or change is made may be required to bear the costs incurred.

## 7. CONSTRUCTION REQUIRED FOR TEMPORARY SERVICE

When construction is required for temporary service and there is no immediate prospect of reusing the plant provided, the customer will be required to bear all or a portion of the cost of such construction.

B. UNDERGROUND/BURIED INSTALLATION PLAN

## 1. APPLICATION

The Company will install, own and maintain underground/buried facilities in accordance with the terms specified in Paragraphs B. 2., B. 5., and B. 6., whichever is applicable. At the Company's option, certain areas, due to rock or other obstruction may be omitted for underground installation.

## 2. GENERAL

- a. The property owner shall provide at no cost to the Company, the necessary right-of-way for the underground distribution and service laterals, make the strip to which the underground facilities are to be located accessible to the Company's equipment, remove all obstructions from the strip, grade the strip to within four inches of the final grade, and provide continuing access to the Company for operation, maintenance or replacement of the underground facilities. Shrubs, trees, and grass requiring protection from the Company's equipment during installation and maintenance of underground facilities will be the responsibility of the property owner who will also add fill dirt and re-seed the trench cover where required.
- b. In the event the service lateral is to be located beneath a sidewalk, driveway, parking lot, patio, and/or in areas used for such purposes, the property owner shall provide two inch (or larger where required) conduit in these areas.
- c. The Company will provide the necessary excavating, trenching, and backfilling and install the telephone conductors and related facilities in accordance with the terms of this tariff and a contract agreement.

## 2. GENERAL (Continued)

- d. When rock or other abnormal conditions are encountered, the property owner, subdivider, builder, or contractor will pay an additional charge equal to the added cost of construction for dealing with the rock or other abnormal conditions encountered.
- e. Should streets, curbs, sidewalks or other obstructions be installed prior to the installation of underground telephone facilities, resulting in additional expenses to the Company, payment for these additional expenses will be made to the Company by the property owner.
- f. All prices for underground telephone facilities are based on joint planning and joint use of trenches (where feasible) with other utilities. Where contracts are made and other utilities are already in place, Hood Canal Telephone Co., Inc. reserves the right to charge the difference in estimated cost to the responsibility of the developer to provide satisfactory assurance of imminent demand for service; otherwise, a contribution to construction may be required by the Company to protect the general body of ratepayers.
- g. No construction charge is applicable for the provision of underground/buried facilities, within the Base Rate Area, or outside the Base Rate Area, when such facilities are to be used to service customers in general.

## 2. GENERAL (Continued)

h. Except as provided above, where the applicant for service is located outside the Base Rate Area, underground/burial facilities will be furnished by the Company at charges to the customer(s) for all construction costs in excess of one year's the annual anticipated local exchange revenue. Ownership and maintenance of such facilities is vested in the Company if such facilities are not to be furnished for customers in general.

1. The material and labor forces necessary to build underground telephone facilities are seldom immediately available, therefore, it is imperative that the maximum advanced request for underground facilities be made. This advance notice is also necessary for joint engineering and construction coordination with other utilities.

3. UNDERGROUND FEEDER AND DISTRIBUTION FACILITIES FOR NEW RESIDENTIAL SUBDIVISIONS & MOBILE HOME PARKS

a. Line extensions into real estate subdivisions will be made by the utility, provided the estimated total cost of such extension is advanced to the utility by the subdivider. The amount so advanced will be refunded to the subdivider by payment of an amount based on a pro-rated share of the total payment. The pro-rated amount will be calculated by dividing the total payment made by the total number of lots to be served by the line extension. The refund to the subdivider by the utility will be for each service connected to such line extension within the subdivision during a period of five years from date of agreement. No refund will be made on any service not retained by the customer for twelve (12) consecutive months. Refunds will be made at the end of the service year.

4. BURIED SERVICE WIRES FROM OVERHEAD OR UNDERGROUND DISTRIBUTION SYSTEM
- a. New customers not included in subdivision underground contracts will be provided service by normal construction procedures. Where aerial service would be normal, underground service will be provided upon the customer's request and a payment to the Company for any excess cost it may incur in meeting the customer's request. In all cases where underground service is being provided and rock or other abnormal conditions are encountered, the customer or property owner will pay an additional charge equal to the added cost of construction for dealing with the rock or other abnormal conditions encountered. In the event the service lateral is to be located beneath a sidewalk, driveway, parking lot, patio and/or beneath paved areas used for such purposes, the property owner shall provide two inch conduit (or larger) in these areas.
- b. Service to customers now being served from useful overhead service will be changed to underground service upon the customer's request and payment to the Company for any excess cost it may incur in meeting the customer's request, and under the terms as outlined in Paragraph 4. a. above.
5. UNDERGROUND SERVICE ENTRANCE TO COMMERCIAL BUILDINGS, INDUSTRIAL BUILDINGS, SCHOOLS, MULTI-FAMILY DWELLINGS AND OTHER UNITS NOT COVERED IN PARAGRAPH B. 2.
- a. The Company will do the necessary excavating, trenching and backfilling and install the telephone wires or cable and related facilities, subject to the terms in Paragraph B. 2. above.
- b. Cost to the owner, if any, will be calculated by the Company based on conditions encountered during construction.

2. DEFINITIONS

The following definitions apply to this subsection D.:

"Applicant" means the party submitting to the Company an application for service that, in the Company's determination, requires an Extension of Service, and also means each additional party submitting to the Company an application for service that, in the Company's determination, will utilize, in whole or in part, a previously built Extension of Service.

"Basic Monthly Service Rate" means the rate for non-measured service for the lowest priced class of service ordered by the Applicant.

"Binding Site Plan" has the same meaning as "binding site plan" in RCW 58.17.020.

"Constructed" means a residential building that has been approved for occupancy by the appropriate local government agency.

"Cost of Service Extension" means the direct and indirect costs of the material and labor to plan and construct the facilities, including, but not limited to, drop wire, permitting fees, rights-of-way fees, and payments to subcontractors, and does not include the cost of reinforcement, network upgrade or similar costs.

"Development" has the same meaning as "development" and "developed lands" in RCW 58.19.020.

3. RATES AND CHARGES

The charges for any Extension of Service provided under this subsection D. shall be the sum of the following, and shall apply separately to both the initial Applicant requesting an Extension of Service and each additional Applicant for new service from an Extension of Service that is less than five (5) years old measured from the date of the initial service provided by the Extension of Service:

- a. An initial charge to process the order for an Extension of Service equal to the lesser of the Cost of Service Extension for the Extension of Service or an amount equal to twenty (20) times the Customer's Basic Monthly Service Rate exclusive of all fees, taxes or other charges; and
- b. A per-month charge beginning with the first monthly bill for service at the premises served by the Extension of Service once service is provided. The per-month charge shall be equal to the Customer's Basic Monthly Service Rate, exclusive of all fees, taxes or other charges; provided, however, that the per-month charge shall no longer apply once either of the following shall have occurred with respect to that Customer: the Customer has paid the initial charge in full and has paid in full the per-month charge for a period of twenty (20) months; or the sum of the charges paid pursuant to subparagraph a. of this Paragraph 1. and this subparagraph b. by all Customers receiving service from the Extension of Service equals the Cost of Service Extension for the Extension of Service.

Any customer may pay the entire amount described in subparagraphs a. and b. of this Paragraph 1. at any time, in lieu of monthly payments, and must pay the entire remaining amount at the time of disconnecting service if the disconnection occurs prior to full payment.

4. CONDITIONS

- a. For each Residential Premises served by an Extension of Service pursuant to this subsection D., the amounts set forth under Rates and Charges in this subsection D., until paid in full, shall, to the maximum extent not contrary to law, be the legal obligation, jointly and severally, of the Applicant, all then and future Customers occupying the said Residential Premises, and all then and future Owners of the said Residential Premises.
- b. Customers are responsible for providing or paying the cost of trenching, conduit, or other structures required for placement of Company-provided drop wire from the Customer's property line to the Residential Premises. Such charges shall be determined in accordance with the section of this Tariff entitled "SERVICE CONNECTION CHARGES."
- c. This subsection D. is filed pursuant to WAC 480-120-071 and is to be construed in a manner consistent therewith. The Company reserves all rights conferred upon the Company by WAC 480-120-071, including, but not limited to, the right to file one or more tariffs to recover, in whole or in part, the cost of an Extension of Service as specified therein. Moreover, WAC 480-120-071 reserves to the Commission the authority under RCW 80.36.090 to determine whether any Applicant for service is not reasonably entitled to service and whether the Company is not obligated to provide service to any Applicant.
- d. The routing of all extensions of plant constructed pursuant to this subsection D. will be determined by the Company.
- e. All extensions of plant built in accordance with this subsection D. will be owned and maintained by the Company.

D. CHARGES FOR BASIC RESIDENTIAL SERVICE EXTENSION

1. Applicability

This Section D applies to requests for extension of residential basic local exchange service where the application is completed and the application and any required payments have been received by the Company on or after October 4, 2008. This Section D does not apply to the following:

- (a) Requests for extension of residential basic local exchange service where the application is completed and the application and any required payments have been received by the Company prior to October 4, 2008;
- (b) Applications for extension of service for business service;
- (c) Applications for extension of service by residential customers for other than residential basic local exchange service, unless the Company chooses to treat such application as falling under this Section D; or
- (d) Applications from developers requesting service for developments.

For applications for extension of service that do not fall under this Section D, the terms and conditions governing such application are found at Section A through C, above, beginning with Sheet 403.

2. Definitions

As used in this Section D, the following terms shall have the definitions ascribed to them in WAC 480-120-071(1) and as may be clarified in this tariff: applicant, cost of service extension, developer, development, distribution plant, drop wire, extension of service, extraordinary cost, order date, premises, tariffed, temporary occupancy, and temporary service. A copy of WAC 480-120-071(1) is available upon request.

3. General

1. The Company will furnish, install and maintain all facilities necessary to serve applicants or customers in accordance with the Company's lawful rates, terms and conditions, and with its established construction standards.

2. The type of construction (buried or aerial) is the prerogative of the Company, except where designated by law. If the applicant(s) chooses a different type of construction than that specified by the Company, the applicant(s) will be responsible for any additional cost.

3. The route will be determined by the Company. If the applicant(s) chooses a different route than that specified by the Company, the applicant(s) will be responsible for any additional cost.

4. Bills for construction charges are not to be construed as being bills for exchange or interexchange service.

5. The estimated cost of construction for a specific job will be provided to the applicant(s) requesting the construction. The estimated cost of construction will be in writing and will be good for thirty days after the Company provides a bill to the applicant(s).

6. Where the requested service location means that it is necessary or desirable to use private easements or rights-of-way, government rights-of-way, or both, to furnish service, the applicant or applicants may be required to provide or pay the cost of providing such items, including, but not limited to, related permit fees, in addition to any other applicable charges.

4. Order Date

When the applicant (or applicants) completes and delivers the application for extension of service to the Company, the date the application and any required payments are received by the Company shall be considered the order date. The order date will be extended under three circumstances:

(a) Extension of service less than or equal to the allowance established under Section 5, below, where the Company determines that extraordinary costs exist for the extension of service and the Company has requested and been granted permission by the Commission to charge the applicant for the extraordinary costs of the extension of service;

(b) Extension of service greater than the allowance established under Section 5, below, where the Company determines the construction within the allowance of an extension which is longer than the distance within the allowance established under Section 5, below, involves extraordinary costs and the Company has requested and been granted permission by the Commission to charge the applicant for the extraordinary costs of the extension of service; or

(c) The Company conditions construction of the extension of service on completion of support structures, trenches, or both on the applicant's property.

In the case of (a) or (b), unless otherwise agreed by the Company and the applicant (for example, as to the creation of a payment plan), the Company will provide the applicant with a bill for the estimated cost of construction for the extension of service. The date the applicant meets the payment terms set forth with the bill for the estimated cost of the extension of service shall be the order date.

In the case of (c), the order date shall be the date the Company verifies that the applicant has installed the appropriate support structures, trenches, or both on the applicant's property in accordance with Company construction specifications.

5. Allowance

The Company provides a one thousand foot allowance, or such greater allowance as the Company may establish from time-to-time, for extensions of service subject to the conditions set forth in this Section D.

Multiple applications for a single extension of service or multiple applicants on a single application for an extension of service are permitted when the extension of service follows a single construction path. When there are multiple applicants for an extension of service or multiple applications received at the same time for an extension of service that follow a single construction path, the allowance may be aggregated by the number of applicants. For example, if there are two applicants, the current allowance becomes two thousand feet; provided, however, that multiple applicants that are on the same parcel or a parcel that has been divided for development purposes within the twelve (12) months preceding the application will be treated as a single application for purposes of calculation of the allowance.

6. Application Process

The applicant must complete the application form provided by the Company and submit it to the Company. The application form will be provided to the applicant within seven business days of the applicant's initial request for service. In the case of multiple applicants, each applicant must either file a separate application form or be separately identified on and sign a single form. Each applicant will be billed an equal portion of the applicable charges. Multiple applicants may agree to divide the bill among themselves in a ratio different from that billed so long as the Company receives full payment. Where there are no applicable charges for an extension of service, the applicant's request for service will serve as the completed application for extension of service.

7. Construction Timeline

Under normal circumstances, the Company will construct the extension of service and provide residential basic local exchange service within thirteen months from the order date. There are three exceptions:

(a) When an extension of service includes costs or charges to be paid by the applicant or applicants, the Company will provide the applicant or applicants a bill for the estimated cost or charges within one hundred and twenty days of the date that the Company receives the application;

(b) When there are extraordinary costs for construction that the Company is authorized to receive (see Section 4, above), in which case the Company shall provide the applicant a bill for the estimated cost of construction as soon as practicable after receiving permission to recover the extraordinary costs; and

(c) If the applicant is a subsequent applicant and required to pay any charges associated with a previous extension of service as provided for in Section 10 following, the Company will provide the applicant a bill for the estimated cost of construction within one hundred and twenty days of the order date.

In the case of (a), (b) or (c), the extension of service will be completed within twelve months after the applicant or applicants return the application and meet the payment terms established by the Company at the time the bill for the estimated cost or charges is presented to the applicant or applicants, as applicable.

7. Construction Timeline (Continued)

In addition to the three exceptions set forth above, completion of the extension of service may be delayed or extended due to delays in obtaining permits related to the extension of service or due to other causes beyond the control of the Company, such as, but not limited to: unavailability of equipment or supplies; civil police or military action, including national emergencies, riots, war, civil insurrections or acts of terrorism; fire, flood or other natural disaster; delays caused by an applicant, including failure to provide access to an applicant's premises; delays caused by local, state, federal or tribal governmental authorities; delays caused by third parties; or negligent or willful misconduct of customers, an applicant or third parties, including, but not limited to outages originating from introduction of a virus onto the Company's network. If such an event occurs, the Company shall inform the applicant or applicants of the estimated delay in the completion of the extension of service.

8. True Up of Costs of Extensions of Service

For an extension of service for which charges apply under this Section D, the Company will determine the difference between the estimated cost that was billed to the applicant or applicants and the actual cost of construction of the extension of service. If the actual cost of construction of the extension of service is less than the estimated cost that was billed to the applicant or applicants, the Company will refund any overpayment. In the case of multiple applicants on an extension of service that follows a single construction path, the refund will be made on a prorata basis among the appropriate applicants. If the applicants have divided the bill among themselves in amounts different from the amounts billed, it is up to the applicants to reconcile any difference in refund. If the cost of construction of the extension of service exceeds the estimated cost that was billed to the applicant or applicants, the Company may bill, and the applicant or applicants shall pay, the reasonable additional costs up to ten percent of the estimate. In the case of multiple applicants on a single extension of service, the amounts shall be billed to the applicants on a prorata basis.

## CONSTRUCTION CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

D. CHARGES FOR BASIC RESIDENTIAL SERVICE EXTENSION (Continued)8. True Up of Costs of Extensions of Service (Continued)

In every case of a refund or additional charges, the Company shall provide the applicant or applicants detailed construction costs showing any difference (whether in excess of the estimated cost of construction or below the estimated cost of construction).

9. Supporting Structures and Trenches

Construction of an extension of service is expressly conditioned upon the applicant completing construction of support structures, trenches, or both, on the applicant's property as determined by the Company. The applicant's responsibility extends from the applicant's property line to the applicant's premises. In the case of multiple applicants for an extension of service, each applicant is responsible for construction of support structures, trenches, or both, on that applicant's property. All such supporting structures must be placed in accordance with Company construction specifications provided to the applicant by the Company.

The applicant(s) has the option of providing the trench and support structure as determined by the Company, or may choose the Company, or a different company for the construction of the trench and structure. If the applicant(s) chooses the Company to dig the trench and provide the supporting structure, the applicant agrees to pay the Company all costs associated with the trench and supporting structure. Once support structures, trenches, or both have been constructed, the Company will provide drop wire to the applicant(s) at no charge.

Once constructed and in place, all supporting structures and drop wire will be maintained by the Company so long as service is provided by the Company to the applicant. If the Company stops providing service to the applicant, the Company will have no responsibility for maintenance of supporting structures and drop wire. To the extent that the Company provides support structures, such structures shall be owned by the Company.

## CONSTRUCTION CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

D. CHARGES FOR BASIC RESIDENTIAL SERVICE EXTENSION (Continued)9. Supporting Structures and Trenches (Continued)

In arranging for service under this Section D, the applicant (or in the case of multiple applicants, each applicant) shall be deemed to have granted the Company and its employees, agents and contractors an easement for ingress and egress to and from the drop wire, supporting structures, trench and protector or NID for purposes of repair, maintenance, operation, replacement of said drop wire, supporting structures and trenches, along with the protector or NID.

Any cost incurred because of sharing an open trench or aerial structure on the applicant(s) private property with another utility, will be the responsibility of the applicant(s).

10. Latecomer's Fees

If, within five years of the order date for an extension of service, a subsequent applicant's or applicants' seek(s) service which would be provided by means of the previous extension of service where the original applicant or applicants paid construction charges under this Section D, then the subsequent applicant or applicants will pay a proportionate share of the original extension of service charges before the Company will provide service. However, if a subsequent applicant's service falls within the allowance established under Section 5 of this Section D (or if multiple applicants, the aggregate allowance), then no amounts are due for the previous extension of service.

The Company will provide notice of the availability of a refund to the last known address of the original applicant or applicants. The notice will state the amount of refund available. To receive the refund, the prior applicant or applicants must request the refund within sixty days of the date of the notice. If a refund is not requested in a timely manner, then the amounts paid by the subsequent applicant or applicants shall be refunded to the payor(s).

Where a subsequent application involves an additional extension of service such that the original extension of service must be extended further to serve the subsequent applicant, this is an application for a new extension of service and no refund is to be paid to the prior applicant or applicants.

## CONSTRUCTION CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

D. CHARGES FOR BASIC RESIDENTIAL SERVICE EXTENSION (Continued)11. Temporary Service

Where an applicant requests temporary service, the allowance set forth under this Section D does not apply and the applicant shall be billed for the full cost of the extension of service. The order date for the extension of temporary service shall be considered to be the date upon which the applicant or applicants for temporary service meet the payment conditions as contained in or provided with the bill for the estimated cost of construction. The true up provisions under Section 8, above, apply to the extension of service for a temporary service.

12. Additional Notices

When the application form is provided to the applicant, the Company shall also provide a brief explanation of the extension of service rules. The explanation will include the possibility that the applicant will be required to contribute to the cost of a previously built extension that is less than five years old if a previously built extension is involved in providing service to the applicant.

When a bill for construction costs is delivered to an applicant, the Company shall also provide a notice of the right to be reimbursed for a portion of the cost of the extension of service by a subsequent applicant and the duty to keep the Company apprised of the applicant's current address.

13. Savings Clause

The Company may refuse to process an application for extension of service if the application is not in compliance with Commission rules, the terms and conditions of the Company's tariff, or both. The Company may also refuse to process an application for extension of service if any of the applicants are not in compliance with Commission rules, the terms and conditions of the Company's tariff, or both. In addition, the Company may decide not to process an application for extension of service or proceed with the extension of service if the Company determines that it is going to refuse service in accordance with WAC 480-120-061.

FOREIGN EXCHANGE SERVICE

A. APPLICABILITY

Foreign Exchange Service is offered to and from contiguous and noncontiguous exchange areas for individual (i.e., one party) business or residence customers where facilities are available.

B. DEFINITIONS

The following definitions are applicable to service provided under this Schedule:

1. The exchange in which the telephone or termination receiving foreign exchange service is located is the "local exchange", and the company which operates the local exchange is the "Local Company". The exchange in which the central office facilities providing the foreign exchange service are located is the "serving exchange", and the company which operates the service exchange is the "Serving Company".
2. Where the boundary of one exchange area coincides with the boundary of another exchange area, the exchanges are "contiguous exchanges" and the boundary between the two said exchanges is the "common boundary".
3. Foreign Exchange Service permits a customer in the local exchange to obtain service through the central office facilities of the Serving Company.

E. CONDITIONS

1. The local utility will provide, own and maintain all lines between the premises on which the foreign exchange service station is located and the point of connection on the common boundary between the local and foreign exchanges.
2. Foreign exchange service mileage charges are applicable to the route distance between the subscriber's primary station and the point on the common boundary of the foreign and local exchanges where connection is made with the lines of the subscriber, such point of connection to be determined by the involved utilities.
3. Foreign exchange service will be furnished subject to the same conditions, as to the use of the service by others than the customer, as are applicable in connection with the class of service taken. Foreign exchange service will not be provided for public or semi-public uses.
4. The scope of local service for and the inter-exchange rates applicable to foreign exchange service are those of the foreign exchange.
5. Except as otherwise provided, services furnished in the local exchange will be available in accordance with the tariff provisions of the local exchange. Additional listings will be furnished to foreign exchange service subscribers in local or foreign directories at the applicable rates.
6. The entire cost of placing the necessary facilities from the point of connection on the common boundary line to the applicant's premises is to be paid by the applicant for service, plus any line extension charges applicable in the foreign exchange.
7. On and after the below effective date, the only grade of service which will be newly established hereunder will be individual line service.

PUBLIC ACCESS LINE SERVICE (Continued)

DEFINITIONS:

The following definitions, in addition to those set forth elsewhere in this Tariff, apply to this Schedule:

1. "Additional Features" means any or all of the following:
  - (a) "Central Office Coin Supervision" means the provision of any or all of the following, depending upon the Company's central office facilities, capabilities and operating conditions: (1) signalling on a Public Access Line indicating to a suitably equipped pay telephone that deposited coin(s) are to be collected or returned to the calling party; (2) signalling on a Public Access Line indicating to a suitably equipped pay telephone that coins are to be deposited (such as for Semi-Postpay operation); (3) signalling on a Public Access Line from which a call originates indicating that the called station has answered; (4) the capability of the central office line equipment to pass signals and/or tones from a Public Access Line to a trunk terminating at a suitably equipped operator service provider, such signals enabling a suitably equipped operator service provider to recognize coin deposits and to indicate to a suitably equipped pay telephone that deposited coins are to be returned or collected; (5) to permit a suitably equipped operator service provider to automatically ring back the originating Public Access Line upon completion of a call.
  - (b) "Originating Line Screening" means the provision of certain codes that permit an aggregator or operator service provider to identify whether a line from which a call originates is a Public Access Line.
  - (c) "Billed Number Screening" means the provision of certain codes that permit an aggregator or operator service provider to identify whether a line to which a call is to be billed is subject to certain billing restrictions.

PUBLIC ACCESS LINE SERVICE (Continued)

DEFINITIONS (continued):

1. (continued)

(d) "International Call Blocking" means the blocking by the Company's serving central office of all direct-dialed (011+ or 10XXX 011+) international calls.

(e) "Selective Class of Call Screening" means restriction of calls originating from a Company-provided Public Access Line to local calls and calls dialed by the calling party on a "0+", "0-", "00-", "1DXXX0+", "10XXX0-", "1+800+", "1+888+" or "1+950+10XX" basis, where such dialling patterns are available. Where available, Selective Class of Call Screening is a feature implemented by the originating central office that serves the Public Access Line.

2. "Aggregator" means a person or entity that, in the ordinary course of its operations, makes pay telephones available for intrastate or interstate service to the public or to users of its premises.

3. "Central-office implemented telephone" means a coin telephone executing coin acceptance requiring coin service signaling from the central office.

4. "Coin service signaling" means Central Office Coin Supervision.

5. "Coin telephone" means a telephone capable of receiving nickels, dimes and quarters to complete telephone calls.

PUBLIC ACCESS LINE SERVICE (Continued)

DEFINITIONS (continued):

- 6. "Coinless telephone" means a pay telephone where completion of calls, except free calls, must be billed by an alternative billing method such as credit cards, calling cards, collect, third-party billing, or billed in connection with the billing of meals, goods and/or services. The term "coinless telephone" includes, but is not limited to, charge-a-call, cordless, tabletop and credit card stations, but does not include in-room telephones provided by hotels, motels, hospitals, campuses or similar facilities for the use of guests or residents.
- 7. "Customer-provided pay telephone" means any pay telephone connected to the Company's network and not furnished and installed by the Company.
- 8. "Instrument-implemented telephone" means a coin telephone containing all circuitry required to execute coin acceptance and related functions within the instrument itself and not requiring coin service signaling from the central office.
- 9. "Pay telephone" means any instrument-implemented telephone, central office-implemented telephone, card reader telephone or coinless telephone.
- 10. "Public Access Line" means an exchange service line furnished by the Company pursuant to this Schedule.
- 11. "Subscriber" means the party that orders Public Access Line Service from the Company.

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS:

1. Pay telephones may be connected to the Company's network only by means of a Public Access Line. Public Access Line Service is a business class of service.
2. When ordering Public Access Line Service, the Subscriber must specify the desired Additional Features, if any. Additional Features offered by this Schedule will be furnished only in conjunction with Company-provided Public Access Lines.
3. Public Access Line Service and associated Additional Features are available only where Company equipment, facilities and operating conditions permit.
4. Public Access Line Service does not include any directory listing. If ordered by the Subscriber, one or more directory listings will be provided in accordance with the provisions of this Tariff applicable to additional listings for business class service.
5. Public Access Line Service includes the provision of a dial-tone access line connecting the Company's serving central office with the customer-designated premises. The Company will install a Network Interface Device at a location determined by the Company on or in reasonable proximity to the customer-designated premises. If a Subscriber requests installation of the Network Interface Device in a location other than that determined by the Company, the Company will attempt to accommodate the Subscriber's request if the alternate location is practical, allows the Company unrestricted access to the Network Interface Device at all times and the Subscriber pays the additional costs of installation, if any, in advance. The Network Interface Device will be a Company-selected protector, including an RJ-11 jack or its equivalent or such other jack or its equivalent as the Company may select. All equipment and facilities furnished by the Company up to and including the Company-provided Network Interface Device remain the property of the Company.

CONDITIONS (continued):

6. Where the Subscriber is not the owner of the premises on which the Public Access Line Service is to be installed, the Subscriber is responsible, at its sole expense, for obtaining for the Company the legal right, in form and substance satisfactory to the Company, to install its facilities and equipment on the premises. The Subscriber shall indemnify and hold harmless the Company from and against any and all claims (including, but not limited to, reasonable attorneys' fees incurred in connection with any such claim) by the premises owner or any third party arising, in whole or in part, from the Company's installation, maintenance or operation of its facilities on the premises to which Public Access Line Service is furnished pursuant to this Schedule, except claims arising solely from the negligence, gross negligence or willful misconduct of the Company. For purposes of the immediately preceding sentence, none of the following, either singularly or in combination, shall be deemed, construed or adjudged to constitute, or to be attributable to, negligence, gross negligence or wilful misconduct of the Company: (1) the location or placement of any customer-provided pay telephone; (2) the connection by the Company of any of its equipment or facilities to any customer-provided pay telephone; (3) the Company's allowing any customer-provided pay telephone to be connected to any of the Company's equipment or facilities; and/or (4) the offering or provision by the Company of Public Access Line Service at the location of any customer-provided pay telephone.

- 7. Unless the Subscriber requests otherwise, each Public Access Line furnished pursuant to this Schedule will not be arranged for International Call Blocking. Upon request by the Subscriber, any Public Access Line furnished pursuant to this Schedule will be arranged for International Call Blocking. For a description of International Call Blocking and the terms and conditions that apply thereto, see Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc. ("NECA"). In instances in which a Public Access Line is arranged for International Call Blocking at the Subscriber's request, the Subscriber shall indemnify and hold harmless the Company from and against any and all claims (including, but not limited to, reasonable attorneys' fees incurred in connection with any such claim) arising from the inability of any person to originate an international call from the Public Access Line.
- 8. In instances in which a Public Access Line is arranged for Selective Class of Call Screening, the Subscriber shall indemnify and hold harmless the Company from and against any and all claims (including, but not limited to, reasonable attorneys' fees incurred in connection with any such claim) arising from the inability of any person to originate from the Public Access Line any call that is blocked by such Selective Class of Call Screening.

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (Continued):

9. Where suitable Company-provided facilities are available and if operating conditions permit, Billed Number Screening and Originating Line Screening, as described in Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc., will be provided by the Company in accordance with its customary and usual practices. These features – Billed Number Screening and Originating Line Screening – provide information that permits identification of a Public Access Line as a line to which certain billing restrictions may apply. The Company shall have no financial or other responsibility for whether such information is recognized or not recognized or used or not used by the Subscriber or any third party, or for the use made of such information by the Subscriber or any third party.
10. Except as provided in WAC 480-120-262(9), the Subscriber shall be responsible for payment of all charges and taxes for local service, message toll service, operator assistance, long distance and directory assistance calls, calls to information service providers, other types of chargeable calls, and special tariff charges for calls originating from, or charged to, the Public Access Line to which the Subscriber subscribes. (T)
11. A Directory Assistance charge will apply to each call to Directory Assistance that originates from a Public Access Line. Any "free allowance" permitting a certain number of free calls to Directory Assistance from an exchange service line shall be inapplicable to calls originating from Public Access Lines.
12. The rates and charges set forth in this Schedule are in addition to all other applicable rates and charges, including, but not limited to, those set forth elsewhere in this Tariff and those set forth in Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc.

- 14. The Subscriber is responsible for the installation, operation and maintenance of any customer-provided pay telephone used in connection with Public Access Line Service and for the installation, operation and maintenance of all inside wiring and other telecommunications facilities located between the Company-provided Network Interface Device and the customer-provided pay telephone.
- 15. The Subscriber is responsible for the provision of booths, shelves and other equipment ancillary to any customer-provided pay telephone connected to a Public Access Line.
- 16. The Subscriber shall be responsible for any and all loss of, or damage to, Public Access Line facilities furnished by the Company in each of the following instances:
  - (a) Where the loss or damage occurs on any portion or portions of the customer premises where such facilities are installed, regardless of whether such damage is caused by the Subscriber, the location provider or the public; and/or
  - (b) Where the loss or damage has been caused, in whole or in part, by any act(s) and/or omission(s) of the Subscriber and/or the location provider, except where neither any such act nor any such omission occurs, in whole or in part, on or in the immediate vicinity of the premises served by the Public Access Line.

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 17. Minimum charges for Public Access Line Service shall apply when the entire service associated with any Public Access Line is discontinued within one calendar month of the service establishment date. The minimum charge will consist of one month's service and feature rates and the non-recurring charges.
- 18. Each customer-provided pay telephone must be registered under Part 68 of the rules and regulations of the Federal Communications Commission ("FCC"), or be connected behind a protective coupler registered under Part 68 of the FCC's rules and regulations. The rules, regulations, terms and conditions applicable to the connection of customer-provided facilities and equipment to the Company's lines, facilities and services, as specified elsewhere in this Tariff, apply to such connection of customer-provided pay telephones and customer-provided wiring, facilities and equipment associated therewith.
- 19. Each customer-provided pay telephone must be connected to the Company's network in compliance with the current National Electric Code and National Electric Safety Code.
- 20. All customer-provided pay telephones must provide coin-free access to dialtone (dial tone first) and allow coin-free access to operators and coin-free emergency 911 access in any exchange in which 911 service is available. Where 911 service is not available, detailed instructions for completing coin-free emergency calls must be posted prominently on or adjacent to each customer-provided pay telephone instrument.
- 21. All customer-provided pay telephones must provide free access to telecommunications relay service calls for the hearing disabled.
- 22. Emergency numbers (e.g., operator assistance and 911) must be clearly posted on each customer-provided pay telephone.

All customer-provided pay telephones confined to one-way service shall be clearly marked on the front of the instrument.
- 31. A maximum of one pay telephone instrument may be connected to any Public Access Line, and a Subscriber must order a separate Public Access Line for each pay telephone installed. Extensions to a customer-provided pay telephone are prohibited, unless such extension was connected in the same location on April 15, 1997.
- 32. The Subscriber shall inform the Company of the location of each customer-provided pay telephone.
- 33. Unless otherwise specified in this Schedule, Public Access Line Service will have the same Company-provided repair services available to it as the Company provides to single line business service, subject to the following:
  - (a) The Company shall not be obligated to test or provide other repair services for any Public Access Line with respect to any service difficulty or trouble unless and until the service difficulty or trouble has been reported to the Company by the Subscriber and the Subscriber has requested that testing or other repair services be furnished with respect to that service difficulty or trouble; and

Alternatively, in lieu of such reimbursement, the Company may elect to apply, and the Subscriber shall then pay to the Company, the Company's maintenance of service charge(s) specified elsewhere in this Tariff (see MAINTENANCE OF SERVICE CHARGES in the CONNECTION WITH CUSTOMER-PROVIDED EQUIPMENT AND FACILITIES section of this Tariff).

34. The particular functions available as part of Central Office Coin Supervision are dependent upon the installed capabilities of the Company's serving central office and operating conditions, and such functions will be provided in accordance with the Company's normal operating procedures. The Company shall have no responsibility for the actual collection or return of coins deposited into a customer-owned pay telephone. In the event of a failure or malfunction of the Central Office Coin Supervision feature or any function thereof, the Company's liability shall be limited to refunding to the Subscriber the amount paid by the Subscriber to the Company for the Central Office Coin Supervision feature for the period of time during which the Central Office Coin Supervision feature was impaired.

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 35. The Subscriber shall have sole responsibility for ensuring that each customer-provided pay telephone connected to any Public Access Line furnished by the Company is compatible with the Company's Public Access Line Service and any ordered Additional Features.
- 36. If the Company maintains one or more specific series of telephone numbers for assignment to Public Access Lines, a telephone number within one of those series, if available, will be assigned to the Public Access Line. All telephone numbers assigned by the Company remain the property of the Company and may not be leased or transferred by the Subscriber to any other person or entity.
- 37. It shall be the responsibility of the Subscriber to designate the Interexchange Carrier to which a Public Access Line is to be presubscribed for purposes of completing interLATA calls. If and when intraLATA interexchange presubscription becomes available from the Company, it shall also be the responsibility of the Subscriber to designate the Interexchange Carrier to which a Public Access Line is to be presubscribed for purposes of completing intraLATA interexchange calls. Applicable charges specified elsewhere in this Tariff and in Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc. shall apply to changes of presubscribed Interexchange Carrier, unless initiated by the Company.
- 38. The monthly rates for Public Access Lines set forth in this Schedule are for local exchange service only. Optional Extended Area Service, if offered by this Tariff, is not available in conjunction with Public Access Line Service.
- 39. Public Access Line Service does not include functionalities provided by an operator services provider, such as coin rating, coin refund, repair referral and operator call screening. These functionalities are the responsibility of the Subscriber and the Company shall have no liability with respect thereto.

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

40. When any customer-provided equipment is used with telecommunications services furnished by the Company in violation of any of the provisions of this Tariff, the Company may take such immediate action as it deems necessary for the protection of the telecommunications network, Company employees, and the public and will promptly give notice thereof to the Subscriber.

Violations of this Tariff or of these conditions, or of any other requirement imposed by law, including, but not limited to, any rule or order of the Washington Utilities and Transportation Commission or rule or order of the Federal Communications Commission, pertaining to Public Access Line Service or pay telephones, will subject the Public Access Line involved to suspension or disconnection of service. If the Company becomes aware of any such violation, the Company may give written notice to the Subscriber of the violation. Within five (5) days after receipt of such notice by the Subscriber, the Subscriber shall discontinue or correct each such violation identified in the said notice, and shall deliver to the Company written confirmation that each such violation has been discontinued or corrected. Failure of the Subscriber to discontinue or correct any violation and to give the required written confirmation thereof to the Company within the time stated above shall result in discontinuance of the Subscriber's service or suspension of the Subscriber's service until such time as the Subscriber complies with the provisions of this Tariff.

41. Neither the Company nor any of its directors, officers, employees or agents shall be liable for civil damages, whether in contract, tort or otherwise, to any person, corporation or other entity, including, but not limited to, the Subscriber, for any loss or damage caused by any act or omission of the Company, its directors, officers, employees and/or agents, in the design, development, installation, testing, maintenance, supervision or other provision of Public Access Line Service other than an act

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

41. (continued)

Public Access Line Service, and the components thereof, is intended solely for the benefit of the Subscriber, and the provision of such service by the Company shall not be interpreted, construed or regarded, either expressly or impliedly, as being for the benefit of or creating any Company obligation toward any person or entity other than the Subscriber.

42. The Subscriber shall not, directly or indirectly, state, represent or imply that it is in business with, or has any business relationship with, the Company, except strictly as a purchaser of services offered under this Schedule.

43. Public Access Line Service is not represented as adapted for data service. Public Access Line Service contemplates the provision of satisfactory voice transmission only.

44. The Company is not liable for shortages of coins deposited in and/or collected from any pay telephone used in connection with any Public Access Line.

45. The Company is not liable for end-user fraud associated with failure of any customer-provided pay telephone to perform correctly.

NETWORK ACCESS AND TOLL SERVICE

ADOPTION OF "WECA TARIFF"

1. By this reference thereto, Hood Canal Telephone Co., Inc. (the "Company") hereby adopts and concurs in Washington Exchange Carrier Association Tariff WN U-2 (the "WECA Tariff") as modified hereby under the heading "Modifications", and excepting therefrom those portions thereof set forth below under the heading "Exceptions." The regulations, rate and charges applicable to the provisions of Switched Access Service, Special Access Service and other miscellaneous service provided by the Company to Intrastate Customers ("ICs") are the same as those in WECA Tariff. The Company's provision of service as set forth in the WECA Tariff is specifically intended to provide exchange network access to ICs for their own use or in furnishing their authorized intrastate service to end users, and for operational purposes directly related to the furnishing of their authorized services and no other. Operational purposes include testing and maintenance of circuits, demonstration and experimental services and spare services. Telephone exchange services required by the ICs for their individual administrative use are furnished under other applicable schedules of this tariff. Based on the ICs' use of facilities involved, the Company will determine whether the access rates and charges specified in WECA Tariff or the rates and charges in other schedules of this tariff apply.

(T)

(T)

The rates set out below under Section 3. "EXCEPTIONS" applicable to terminating Switched Access Service traffic and Section 10 "Access Charge Reform" no longer apply. In lieu thereof, please reference Section 1.3, Sheets No. 29, 29.1 and 29.2, of the Washington Exchange Carrier Association Tariff WN U-2.

(N)

(N)

2. Any reference to "Contel Tariff" herein is inadvertent and shall be deemed to mean "WECA Tariff". All references to "Telephone Company" in the WECA Tariff shall be deemed to mean Hood Canal Telephone Co., Inc.
3. EXCEPTIONS
  - a. Any provision of the WECA Tariff which relates to services which the Company cannot provide with its existing facilities and equipment shall not apply.

3. EXCEPTIONS (Continued)

b. Substituted Rates and Charges:

Notwithstanding any provision of WECA Tariff WN U-2 to the contrary, the rates and charges specified below for Local Transport Facility under Section 5.7.5 ("Minimum Monthly Usage Charge") and/or Section 5.8.1(A) ("Local Transport") shall apply per BHMC, per line or trunk, or per access minute, as indicated below, rather than per BHMC (line, trunk or access minute) per mile, and shall apply without regard to the application of any billing percentage ("BP") or interconnection point factor ("ICP Factor"). The said Local Transport Facility rates and charges apply based upon the company end office location at which the local transport facility originates or terminates.

Any language contained in WECA Tariff WN U-2 pertaining to the calculation and application on a per mile basis or rate elements and/or rate sub-elements set forth in Section 5.7.7 and/or Section 5.8.1(A) shall not apply; provided, however, that, where appropriate, such language shall be deemed modified to the minimum extent necessary to render it consistent with the matters set forth in this Paragraph 3 b. and with rates and charges specified below under Section 5.7.5 and/or Section 5.8.1(A), and such language shall apply as so modified.

The rates and charges set forth herein below shall apply in lieu of the corresponding rates and charges set forth in the sections of the WECA Tariff identified herein below. For any rate element or rate sub-element not listed below the rates and charges set forth in the WECA Tariff shall apply.

An Access Order is used by the Telephone Company to provide a customer Access Service as follows:

- Switched Access Services as set forth in 5. following,
- Special Access Services as set forth in 6. following, and
- Other Services as set forth in 4.1.2 preceding.

When placing an order for Access Service, the customer shall provide, at a minimum, the following information:

- For Feature Group A Switched Access Service, the customer shall specify the number of lines and the first point of switching (i.e., dial tone office), the Local Transport options and Local Switching options desired. In addition, the customer shall specify whether the off-hook supervisory signalling is provided by the customer's equipment before the called party answers, or is forwarded by the customer's equipment when the called party answers. The customer shall also specify which lines are to be arranged in multiline hunt group arrangements and which lines are to be provided as single lines.

The customer shall also specify for terminating only access minutes, whether the trunks are to be arranged in trunk group arrangements or provided as single trunks.
- For Feature Group C and D Switched Access Service, the customer shall specify the number of busy hour minutes of capacity (BHMC) from the customer designated premises to the end office by Feature Group and by type of BHMC. This information is used to determine the number of transmission paths as set forth in 5.5.5 following. The customer then specifies the Local Transport, Local Switching and Interim NXX Translation options.
- Additionally, when Feature Group C or D Switched Access Service is ordered with the Interim NXX Translation optional feature, the customer shall specify the Service Access Code(s) (e.g., 900) and their associated NXX code(s) to be translated within the entire LATA or Market Area. 9. (continued):

- Subsequent to the 90-day ILP Transition Period, there will be no charge for an initial ILPIC change made by a new subscriber to Telephone Exchange Service during the first thirty (30) days following the installation of such Telephone Exchange Service .
- In instances where the interLATA PIC and the ILPIC associated with the same line or trunk are requested by the end user subscriber or by an IC to be changed to the same IC on the same order, the higher of the interLATA presubscription change charge or the intraLATA presubscription charge, as specified in 11.3.3(J) following, will apply to the change, per line or trunk. If the interLATA presubscription change charge and the intraLATA presubscription charge, as specified in 11.3.3(J) following, are the same, only the interLATA presubscription change charge will apply.

(6) The Company will notify carriers providing originating Feature Group D carriage in an exchange at least thirty (30) days prior to the initial availability of ILP in that exchange. Carriers will have the option of participating in all exchanges of the Telephone Company where ILP is available, or in a specific exchange where ILP is available.

"(C) IC-Requested Presubscription Changes

- (1) To the extent that the Company may honor requests from ICs for PIC and/or ILPIC changes, any such request must be submitted to the Company in writing (or other mutually agreed format). Any such request received by the Company from an IC requesting a change of PIC or ILPIC with respect to any Telephone Exchange Service access line or trunk will be treated as applying only to originating interLATA toll traffic, unless the request expressly identifies that it applies to originating intraLATA toll traffic. If such a request identifies that it applies to intraLATA toll traffic, it will be treated as applying to both interLATA and intraLATA toll traffic, unless it expressly excludes interLATA toll traffic. In the event that an IC submits a change of PIC and/or ILPIC that is honored by the Company and that, in accordance with this 11.3.3(C)(1), results in an erroneous PIC and/or ILPIC for the affected Telephone Exchange Service line or trunk, the erroneous PIC and/or ILPIC will be treated as an unauthorized presubscription change by the IC and unauthorized change charges, as set forth in 11.3.3(D) following, will apply.

(2) The Company shall not be required to honor any request from an IC for a PIC or ILPIC change for a Telephone Exchange Service line or trunk if the Company is not able to confirm the validity of the request with the end user subscriber for that line or trunk.

"(D) Unauthorized Presubscription Change

If an IC requests a PIC and/or ILPIC change on behalf of an end user subscriber, and the end user subscriber subsequently denies authorizing the change, then an Unauthorized Presubscription Change Charge set forth below will apply and be assessed against the IC that requested the PIC and/or ILPIC change. This charge is applied in addition to applicable presubscription change charges set forth in 11.3.3(J) following. If both a PIC and an ILPIC change are the result of a single unauthorized presubscription change by an IC, the Unauthorized Presubscription Change Charge set forth below will apply twice, per line or trunk.

<u>Unauthorized Presubscription Change Charge</u>	<u>Nonrecurring Charge</u>
- Residence/Business, Per Telephone Exchange Service Line or Trunk	\$ 35.65
- Per Pay Telephone Exchange Service Line or Trunk ( <u>e.g.</u> , Public Access Line)	\$ 57.57

In addition to the Unauthorized Presubscription Change Charge, presubscription change charges, as set forth in 11.3.3(J) following, will apply as follows:

- If the change requested by the IC is not implemented by the Telephone Company as a result of the end user subscriber denying that the IC-requested change was authorized, then applicable presubscription change charges set forth in 11.3.3(J) following will apply and will be billed to the IC that submitted the request.
- If the change requested by the IC is implemented by the Telephone Company and the end user subscriber subsequently denies authorizing the change, then the line or trunk affected by the change will be reassigned to its previous PIC and/or ILPIC, and applicable presubscription change charges set forth in 11.3.3(J) following will be applied both to the original change of PIC and/or ILPIC requested by the IC and to the reassignment of the affected line or trunk to its previous PIC and/or ILPIC and will be billed to the IC that submitted the request to the Telephone Company.

If the IC is able to substantiate that the PIC and/or ILPIC change order submitted by it to the Telephone Company was verified as required under WAC 480-120-147, and provides such substantiation to the Telephone Company within thirty (30) days following

"(E) Dialing Parity Service

The Company provides intraLATA toll dialing parity under a plan approved by the Washington Utilities and Transportation Commission.

"(F) Discontinuance of Toll Service by IC

If an IC elects to discontinue its Feature Group D Service interLATA toll service offering, Feature Group C or Feature Group D Service intraLATA toll service offering, or interLATA and intraLATA Feature Group C or Feature Group D toll service offering prior or within two (2) years after the commencement of such service in the exchange, the IC will notify the Telephone Company of the cancellation. The IC will also notify all end users which selected them that the IC is canceling their service and that they should contact the Telephone Company to select a new PIC and/or ILPIC. The IC will also inform all such end users that it will pay the applicable presubscription change charges. The canceling IC will then be billed by the Telephone Company the appropriate presubscription change charge, as set

forth in 11.3.3(J) following, for each end user for a period of two years from the discontinuance of Feature Group D interLATA, intraLATA, or interLATA and intraLATA toll service. If such charges are not paid by the IC so billed, they may then be billed to the end user subscriber.

"(G) Carrier Identification Code Change or Discontinuance

If an IC elects to change or discontinue use of a Carrier Identification Code (CIC) for any reason(s) other than those set forth in (F) preceding, the IC will identify to the Telephone Company any affect end users and advise the Telephone Company of the new CIC to be assigned to these end users. If the CIC change involves a change of carrier for any end users, the IC will notify the affected end users of the change. The Telephone Company will change the predesignated carrier code of each end user identified by the IC to the new CIC and bill the IC the nonrecurring charge set forth in 11.3.3(J) following for each end user line or trunk that is changed.

"(H) Relationship to Interstate Rates and Charges

The rates and charges specified in this 11.3.3 apply in addition to applicable presubscription-related rates and charges set forth in the Telephone Company's interstate tariff(s).
